

15<sup>th</sup> October 2024

Dear Parent/Carer,

Mock exams

The Mock exams start on Monday 25<sup>th</sup> November. This may seem a long way away, but it is only 24 school days!

To support your child after school interventions have been put in place.

After school Interventions

After school intervention will start from Monday 21<sup>st</sup> October from 3.00pm- 4.00pm. They will run as follows:

Monday	Science
Tuesday	Maths
Wednesday	
Thursday	English
Friday	

If your child has been selected for intervention it is crucial that they attend, not doing so could lead to them losing their space and then they miss out on such a great opportunity to support them through this process. Spaces are limited, and the sessions are specifically targeted at students to help them reach their target grades. In addition to this, some subjects may run intervention sessions on different evenings.

Students will receive their own personalised timetable, detailing what sessions they have been selected for; please go through this with them so they know when to attend.

Whilst full participation in lessons and attendance at intervention sessions is important, this alone will not be enough to achieve success. Students should be working at home using a revision timetable to structure their time – back in year 10 work was carried out during form time to learn how to do this effectively, along with using a range of revision techniques.

Yours faithfully,

**Mr G Gilbey**  
**Head of Year 11**
